Discussion Following the Film with Special Guests:

DEMIAN LICHTENSTEIN    SHAJEN JOY AZIZ

This remarkable feature-length documentary created by award-winning filmmaker, Demian Lichtenstein, with his sister, Shajen Joy Aziz, celebrates the basic but vital reality that there are Gifts in each person, and in all circumstances, that are simply awaiting discovery.

Framed by the touching personal narrative of siblings Lichtenstein and Aziz as they describe their own journeys toward joy, power, fulfillment, freedom, and unconditional love, DISCOVER THE GIFT offers powerful lessons from authors, educators, activists, artists, and icons including His Holiness the Dalai Lama, His Holiness Sri Sri Ravi Shankar, Jack Canfield, David 'Avocado' Wolfe, Michael Bernard Beckwith, Mark Victor Hansen, Niurka and many more.
